## Physician Services

Under the medical direction of Dr. Angelina Devera, MD, we have brought together the latest technology and innovative procedures to provide a full blend of non invasive anti-aging and corrective treatments.

When you decide its time to explore any of the following treatments, let us help you make a sound decision. We offer a thorough skin assessment and consultation with Dr. Devera, free of charge.

And, as you go through your treatments at LVI , we ensure results with a diligent photography policy. We provide all our clients with a “photofile” of your progress, taking before & after photos at each session.

## Laser Treatments

### Hair Removal

Customized to treat all hair colors and textures on all areas of the skin, starting at \$19 per treatment

### MicroLaser Peel

An intra-epidermal laser peel that precisely ablates the outermost layers of the skin - up to 6x deeper than microdermabrasion. Uses Erbium laser technology. Recommended for treatment of uneven texture, UV damage, age spots, and moderate wrinkles.

### Fractional Resurfacing

Delivers a precise matrix of tiny pinpoint of laser light to the skin, ablating only a *fraction* of the skin, thus allowing rejuvenation with minimal downtime.

**Fraxel** A great treatment for those who want the benefits of a MicroLaser Peel, but can't afford the downtime.

**NEW Sciton ProFractional™** The latest advance in fractional technology. Treats wrinkles, acne scars, skin tone and texture, and pigment, faster and more comfortably than any other laser treatment.

**NEW Fractional Carbon Dioxide (CO<sub>2</sub>)** A deep-penetrating CO<sub>2</sub> laser treatment in fractionated form, resulting in superficial rejuvenation plus skin-tightening and optimum collagen reproduction. Recommended for deep wrinkles, scars and skin-tightening.

**Sign up now and receive 30% off your Fractional (CO<sub>2</sub>) treatment!** We are very excited to now offer this treatment at LVI, and want you to give it a try! This special is available for a limited time only.

### Acne Therapy

Dramatically improves active acne, reduces the appearance of large pores, and smoothes acne scars.

### Leg Vein Treatment

Quick, effective way to erase unsightly varicose and spider veins (up to 4mm)

### Photo Rejuvenation

IPL (intense pulsed light) treatment of hyperpigmentation, sun-damage, rosacea, vascular lesions, and active acne. Improves skin texture and tone.

### SkinTyte Skin Tightening

Delivers light and heat energy to loose, sagging skin, creating collagen retraction and remodeling.

## Injectables

### Botox

Relaxes crow's feet, frown lines, laugh lines, and forehead wrinkles

**Bring a friend and save! \$850 per vial (100 units)**

### Dermal Fillers

Temporary treatment to fill lines/creases, and add volume to areas of the face, lasting from several months to a year or more.

Restylane	3 - 6 months
Juvederm	6 - 12 months
Radiesse	12 - 18 months
Artefill	5 - 10 years

### Microcurrent Therapy

A popular treatment at LVI. Utilizes safe, low-level, electric impulses in the following applications

### Facial Rejuvenation

Penetrates pores, down to deeper layers of the skin, rehydrating collagen and toning muscles.

### Cellulite Treatment/Weight Loss

Accelerates the drainage of lymphatic fluids, eliminating fat and increasing metabolism while firming and toning the body.

### Pain Management

Improves circulation, reduces inflammation, and accelerates healing

### MesoAesthetics

Painless microinjections of vitamins, medicine, and botanicals

- Cellulite Reduction
- Body Contouring
- Wrinkle reduction
- Pain Conditions
- Skin Tone Improvement
- Hair growth

### Cosmetic Surgery

Performed in-office under local anesthesia

- Thread lifts
- Liposuction
- Scar revision
- Stretch mark reduction
- Fat grafting,
- Tummy tuck

### Anti-Aging/Wellness

Personalized, preventative and therapeutic treatment by medical director, and Anti-Aging specialist, Dr. Devera, Treatment begins with examination, comprehensive laboratory testing, and consultation. As part of treatment, we offer:

- Bio-Identical Hormone Replacement (BHRT)
- Human-Grown Hormone (HGH) Therapy
- Dietary Supplements
- Gynecological Services
- Well-Patient Exams
- Menopause/Andropause Treatment

**Most Major PPO Insurance plans accepted.  
Cosmetic procedures are not covered by health insurance.**

## Esthetic Services

### Facials

#### Gentleman's Facial

**\$85**

The exclusive men's facial includes a deep cleansing , steaming, light extractions, followed by a mask tailored specific for individual needs. Finishing off with a light massage of the shoulders and neck.

#### Red Carpet Signature Facial

**\$ 135**

Exclusive Anti-aging peptides and powerful anti-oxidants hydrate and firm your skin, with visible tightening and smoothing of fine lines/wrinkles. This advanced facial is the first step to the commitment to beautiful skin. Includes extractions, Hydrating mask, and a chemical peel.

#### Clarifying Acne facial

**\$85**

Our deep cleansing facial exfoliates and purifies acne prone skin, soothes inflammation and minimizes pores. Includes steaming, extractions and a chemical peel.

#### European Relaxing Facial

**\$130**

Begins with deep cleansing, steaming, exfoliation, and extractions, followed by massage. Finished with a firming, hydrating therapy mask.

#### Teen Facial

**\$60**

An economical, shorter version of our acne facial, (25 min.). Includes cleansing, steaming, and extractions. 3-6 weekly or bi-weekly treatments is recommended.. (Limited to guests, age 18 and younger.)

#### Chemical Peels

**Per Treatment \$65/ Series of 6 \$350**

Reduces the depth of surface lines, evens out skin tone by fading away freckles and sun spots, and assist in clearing acne/blemished skin, leaving your skin visibly smooth, clear and tightened.. Most effective in a series of treatments.

*Offering Glycolic, Lactic acid, TCA, and Pumpkin.*

### Waxing Services

Our waxing services smooth your skin while removing unwanted hair. (*Accutane patients and Retin-A treated areas cannot be waxed.*)
